

Britta Karlsson Educational Webinar Series

IFBLS is pleased to announce the fourth in our series of educational webinars:

Principles and applications of Next Generation Sequencing

Friday, 11 November 2022 at 12.00-13.30 (GMT) London, UK

The webinar will include different aspects on NGS including sample and sample quality, library preparation, sequencing and bioinformatics on different platforms and applications. Emma will also discuss quality assurance and validation/verification of new methods.

This is a great opportunity to learn from our international colleagues and apply their information to your own practice.

There is no cost to attend this free webinar.

Certificates of Attendance will be sent to participants after the webinar.

[Register early! Maximum capacity 500 registrants.](#)
